Re: Mr. Larry Lichtenegger #05-0065

Dear Mr. Dean Flippo:

You will find attached the letter to the Monterey Police Department, Judge Terrance Duncan and Mr. Larry Lichtenegger and his co-counsel Mr. Gerard Rose.

I demand that a full police report be done regarding this matter and that it is made very clear to Mr. Lichtenegger and "others" that would argue that I do not deserve the good conduct of having medical attention called during a heart attack, that my family is not susceptible to assault on a wholesale basis.

When a Franchise Tax Board investigator rudely appeared unannounced at my door and he sat down in my office, he later reported that I had "imprisoned him and he could not leave". The result was that I had a police officer at my door within hours.

Second, when Ms. Kathleen Harris, Insurance investigator, went to investigate the insurance fraud of Mr. & Mrs. William and Collien Powell with the aid and consent of their attorneys Mr. James Cook of the Horan Law Firm, filed a knowingly false police report saying I threatened her with the Morgan Hill PD Officer David Ray, I had him calling me with in hours.

When Mr. Uretsky certainly communicates that he is going to give false testimony to bolster the actions of the Monterey County Sheriffs, nothing happens.

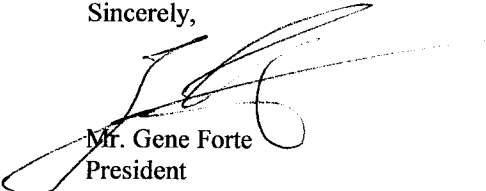

I will not permit you or any investigative agency to allow the actions of Mr. Lichtenegger with restraining my wife from leaving a building by blocking her exit, threatening her future false arrest, and calling her "trash" to the point of her attempting to flee through a side exit, to go un-investigated.

A copy of this is being provided to local media and asking if they are only going to report after something happens to my family.

Please respond to this letter within 48 hours of what steps my wife has to do to make sure a formal complaint is on file for the arrest of Mr. Lichtenegger.

Thank you.

Sincerely,

Mr. Gene Forte
President
