Re: Your Letter of September 19th, 2005

Dear Mr. Spitz & Mr. Flippo:

I write this letter in response to your letter of September 19th, 2005, informing me that Commissioner Diana Baker ordered a judgment in the case of MAR 125367 on May 23rd, 2005.

Are you saying that after a Challenge for Cause was filed and delayed from being addressed in any way for several months that Commissioner Rutledge then recused himself and the case was given to Commissioner Baker?

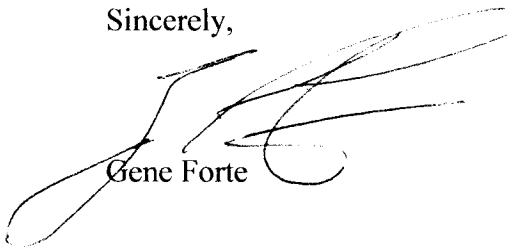

Do you really think anyone is going to buy into the idea that I would not appear at a court hearing if I were properly noticed of it?

Well, your response and the information you just provided certainly is news to me and generates a lot of questions. The path of what you and your Good Ol Boys cohorts have embarked upon is the shining example of "When you lie once you have to lie at least ten more times to try and cover the first one up."

I hope the file has not already been shredded because I have a number of questions. Are you preparing your explanation as to how you signed for a certified mailing of the complaint in advance it being mailed to you?

I am anxious to hear your explanation.

Sincerely,

Gene Forte
